Message from the president, Kisaburo Sakamoto

It is my great pleasure and honor to invite you to a multidisciplinary cardiac conference entitled “The 3rd Mt. Fuji Network Forum”, which encompasses all of the fields related to congenital heart disease.

We will focus on “Fontan circulation from basics science to front-line”, this time.

By the way, the Mt. FUJI has been a world heritage last year.

And I would proudly like to inform you that conference venue:

Nippondaira hotel is the best resort hotel to see and feel the Mt. FUJI in Japan.

Why don't you join this extraordinary conference?

*Feel True Japanese Atmosphere and Hospitality
under World Heritage, Mt. FUJI*
